Linda,
I'm not going
to write all the
same shit about "oh,

long time and, we've been
through a lot together." I think
we both realize that I think

you to talk the night before I left. I want

said to you. It's all the truth. I do hope everything I

MEMORIES

Memories are made of things
That happen every day.
Moments as we live them,
Things we do or say.

Little bits and pieces
Of laughter mixed with tears.
Paragraphs and pages
Written through the years.

The friendships we remember,
Mistakes that we regret.
The ending of a love
We never could forget.

We can't erase the sadness
Or edit out tears.
We can't undo the wrong,
We can't relive the years.

But since memories keep building,
Each day can be the start
Of making new and happy ones
To store within the heart.

MY JEANS

Rumped and crumpled,

Faded blue-white,

Been through high waters,

Been through some fights.

Seen plenty of sadness,

and heartaches and pain,

Been tackled in football,

Ran through the rain.

Seen a lot of gladness,

Seen laughter and fun,

Waded through water,

Rolled up for the sun,

Swayed through rock concerts,

Bumped to the beat,

Split open while skating,

Patched on the seat.

Seems like I remember them

once a dark blue,

Sort of stiff when I wore them,

I hated them new.

But all things must soften with age,

I have seen,

They faded to light blue,

and then they were JEANS!

They've seen me in love,

Out of love, mixed up inside,

They've seen me in trouble,

They've seen me lie.

They've aged on too quickly,

Some places just threads,

But I plan to wear them

'Til they're in shreds!

Well summer's heat in with me now,

My scissors in hand,

As I cut off my blue jeans,

It's like killing a friend!

FACING GRADUATION

Faces of old and faces of new,
People we know and people we knew.
Growing together then drifting apart,
Always an ending and now a new start.
At graduation we all grow nearer,
And all of our friends seem so much dearer.
And as we say our final goodbye,
One last embrace and one more cry,
A "keep in touch" and a "promise I will"
A "remember when" but, better still,
A place in my heart, you'll always stay,
This is what's said as we go our own way.

Police officers in the area were getting a 104 warning and badges were pinned to the back of their shirts. When they walked in order to the other side of the road, they were told to get out of the way. The officers were then told to get out of the way. The officers were then told to get out of the way.

...and I suppose I should tell you that. We spent last year touring all over and whose moments will always stay in my life. We have made friends, enemies, and maybe a few lovers. We've shared the bad and good, we have laughed and cried together, and we've shared things and we just want to say you have turned a thing or two

As the Senior Class, we have been real successful in our Reserve Monterey High team. I just when I was in high in Massachusetts, we joined together for the rest of the school with all the competitors in some very, competition at the rally, except for two seconds, and we won the first competition and powderpuff football. We have managed to collect more money than any other team had in a long time and we seem to be generally contented and looking forward to our trip to Bond Hill in Disneyland and a Senior picnic. But we are short of time and the great scheduling for Monterey High and will be the last class to have another meeting. I feel all things can be high school.

After graduation we will go our separate ways on a bigger and better thing. We will live and love, laugh and pick ourselves up again, and will each have with us our individual memories of high school. Hopefully, they will be sweet and happy memories. So often we meet together for the first time during the traveling out months. I hope we won't be but, but excited about what we future hold for us back together and alone.

With fondest memories and
brightest hopes for the future

arena
scheduling

Last year in an effort to give students more control over their choice of classes, the administration instituted a system by which students registered themselves in an "arena". This year Arena Scheduling continued with moderate changes. The overall response from the student body has been mixed. Some love the system and others face that time of year with great dread. Regardless of their attitudes, students agree there are many amusements provided at Arena Scheduling. Students can play the "waiting game" or play other games in the unending lines that exist as they wait to get into the gym, to get their cards, to register classes, to see their counselors and even to get out of the gym. The end of another very popular game is when none of a student's classes fit together and he can't get out of the arena. This and other predicaments can keep a person entertained for weeks.

Regardless of his or her experiences, everyone can agree that Arena Scheduling has been a noble experiment.

At the rally

This year's rally commissioner and his hard working Rally Committee gave their all to put on some of the best rallies ever seen within the walls of the MHS gym. The class competitions ranged from a tug-of-war to a family feud-type game and the yell competition every rally. Scott flung insults to the students, but took a few pies in the face in style. The quality of the rallies fell as the students' apathy rose and new ideas got harder to come by; but the memories of the excellence of the earlier rallies continued to overshadow the poor ones at the end of the year. Thanks are due to Scott Ables, the cheerleaders, the faculty, and everyone who went to the rallies during the '77 school year.

Third in M.B.L.

Monterey High's J.V. Football team placed third after a 5 - 3 season. We usually come in first but as the league grows and changes, it gets harder. Next year we are reassured of a successful year with an undefeated sophomore team coming up. This year's Most Outstanding Player in the Seaside game went to M Cummins, Most Outstanding Lineman went to K McCray and Most Outstanding Back went to R Moss

Out of their seven year history, the Sophomore Team has come to first place six times, only once sharing their title. In their first year they came in second losing their last game of the season to the then undefeated Seaside team. The next year they came in tied for first, losing only one game that season. Since then the sophomores have been in first place. The coaches pictured above left to right are Ken White, Rei Yoshinobu, and Lee Kretschmer. They have a lot to be proud of. Ken Tachibana (43) pictured above left shows how the sophomore team has run away with first place without much competition. The scores this season show that our sophomore team has held our winning tradition intact and we can only hope that the future sophomores can keep our tradition going.

Clubs and Organizations

In the distant past Monterey High School has known such organizations as Latin Club, Kennel Club, and Ukelele Club. Since those days the school has changed in appearance and the clubs have changed in purpose. Today Monterey High School boasts of such organizations as Ski Club, Oceanography Club, and Computer Club. In the words of the philosopher David Lew, "Men's ideals are most truly reflected in the organizations they build."

Christopher Van Alst Schmidt, 1977

ART

Along with its usual activities, which include working on football breakers, making posters for school sponsored activities, and providing Christmas decorations for the administration building, the Art Club is going to attempt the execution of at least one mural on MHS's hallowed walls. The Art Club also plans trips to local galleries, and possibly to a local artist's studio.

THE

News production attracts a small but unique group of people. It takes a special personality and a lot of patience to be on the GALLEON staff, but the paper speaks for itself. An award-winning paper must keep up its reputation, and it is the opinion of the staff that this year has been no exception. They hope to attract journalistically inclined people, but are willing to shape anyone into a true reporter. As an outlet for people's opinion and an informer of the facts, they hope that the GALLEON has created a better atmosphere at Monterey High School.

Goin' Places

In December the MHS band traveled to Phoenix to perform in the annual Fiesta Bowl. The band was one of thirty carefully selected bands, ten of which were from California. Total travel time exceeded seventeen hours. After leaving the Ramada Inn in Arizona, the band drove to Disneyland where they performed again. Pleased with the trip, the band felt that it had held its own in the competition.

Most School Spirited — Linda Moore and Peter Olsen

Linda —

So far, every school year we go through a little more together — we grow up a little, we get a couple new boyfriends, we get a little rounder, etc. This year was no exception. We stuck it out thru another year of Band w/ Mr. Clapper, I'm 5'7" now!! (ha-ha...), Dave and Dave, dances, Debbie's house-sitting house, etc.

I can't believe that in 3 days we won't have any more Heath Handbook assignments, no more U.S. History classes, no more "Pomp and Circumstance"! No more free mods either, though!

I'm sure we'll be keeping in touch over vacation, so I'll be seeing you soon!!

Have fun on Graduation night!!

Lots of Luck,

Love,

+ Laughter —

Nancy

(My writing is so messy because we just got our term papers for English back, and I'm not not very happy with my grade! — Larry...)

Linda-
I've been friends
with you so long. From Kiddlees
to Cars! we don't see much of
each other anymore, but I hope you
know that I still care a lot for you
and your friendship. I'm sure I will see you
this summer, I promise you that! Maybe, if we're lucky,
we'll have a long time. It will definitely be the
first time in a long time. You're a very special friend
Linda, one I could never forget, one I would never want to
forget!

TAKE CARE!
Love ya always
Sally

Linda,
 It was nice
 having you in English
 this year - what suffering!
 (sorry about the mess)
 I hope we have another
 fun class together next
 year. Have a terrific
 vacation
 Love,
 Ravia Wald 880

Linda,
 I hope you had a nice time in
 Kentucky. Me? it was ok. History was
 kind of boring if you were there.
 it will be nice to have in some class
 next year. See ya later Paul Han 79
